

# Water Driven Gas Freeing Fan

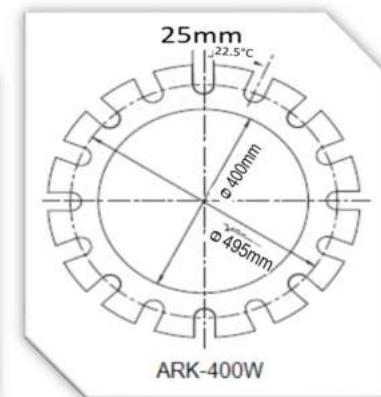

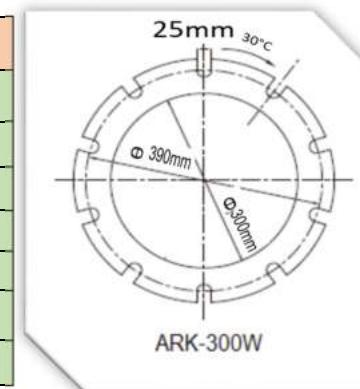

- ❖ This water driven gas freeing fan has a high anti-hazard classification, vibration dampening, wobbling resistance, and impact resistance capabilities.
- ❖ The fan has a simple structure, it is lightweight and easy to operate by one operator
- ❖ Powered by sea water from the fire protection line, it largely reduces the maintenance job.
- ❖ With a wide applicability, it works ideally for ducting flammable, explosive, poisonous and other harmful gases

## TECHNICAL PARAMETER

1	Model	ARK - 300W	ARK - 400W
2	Outlet Bore Diameter	300mm	400mm
3	Inlet Diameter	2 Inch	2 Inch
4	Capacity	3000-6000 m <sup>3</sup> /h	4000-10000 m <sup>3</sup> /h
5	Working Pressure	7 Bar	7 Bar
6	Hose Diameter	50A	50A
7	IMPA Number	591436	591437

## OPERATING THE WATER DRIVEN GAS FREEING FAN

- Check list before operating the water driven gas freeing fan
- 1 Check safety wear mentioned earlier in Operating and Safety precautions
